The Villa Regne is a very impressive villa where natural elements have been used both internally and externally bringing the outside in! Natural planting and concrete slabs greet you as you arrive at the impressive stone entrance of the villa which opens into a double height ceiling lobby with lots of glass bringing in light and views of the Mediterranean sky as well as into the internal garden. From the lobby you can access the ground floor bedroom with ensuite bathroom and stairs to the upper floor where the master suite is located along with a further 2 guest bedrooms. All of the bedrooms will include fitted wardrobes and have access to private balconies or terraces. Leading from the hallway is the living area with a feature stone fireplace and TV wall in the lounge area and a good-sized kitchen having a full wall of cabinets plus a central island. Next to the kitchen are entrances to a storeroom/pantry, utility room and guest W. C. The living space has been designed to open out onto a semi covered terrace with ceiling beams overlooking the beautiful pool area, an ideal place ...
