Description

Nestled in nature, surrounded by fruit trees, this 450 m² finca on two floors seamlessly combines tradition and modernity. A gravel driveway flanked by vineyards and palm trees leads to an entrance adorned with park-like charm. The finca was built two decades ago with high quality materials and captivates with its timeless charm with thick stone

walls.

On the first floor, an ivory door leads to a courtyard that reveals a spacious living and dining area. Wooden doors lead to the landscaped garden and pool. To the right is a dining and kitchen area with fireplace leading to a terrace. Two bedrooms with en-suite bathrooms complete this level.

Upstairs there is a bedroom with private bathroom and a master bedroom with bathroom and dressing room, each with its own terrace and panoramic views.

The basement offers a wine cellar and storage space. The property has underfloor heating, air conditioning, three fireplaces, a four-car garage, a carport and a fully equipped guest house. The vineyards give the house a personal touch.
